EXPANSION NOW OR NEVER. Assistant Secretary of State Advo-

cates Imperial Policy.

This year," said Mr. Hill, "is one of the most important of the century. From this period appears the beginning of a period of imperialism. A malignant diposition could not have selected a worse word than imperialism. A better word which expresses the true condition, is expansion. It is not a new one and the idea is not novel. It has existed since the inception of national growth. Civilization must go on until there is not one propince, one stand, is seeking now outlets for trade and commerce. If not now, when and how can alway can America expand, when three-fourths of the globe are appropriated?
